Stabi Left

Sit Comfortably, Stand Effortlessly
with Ergonomic Support

- Stand firmly, even on one foot
- Eases leg/back strain in various postures
- Enhances doctors' quality of life

Use Cases

- Maintaining posture during endoscopic exams, treatments, and surgeries requiring a steady stance
- Procedures involving frequent foot pedal operation
- Procedures in upright, forwards, or backward leaning postures

User Feedback

"In endoscopic surgeries, I often find myself in putting all my weight on one leg. But with the Stabi Left, my legs and lower back feel much less strain."

"Creating an healthy environment for doctors is one of our biggest aims in the medical business. As a tool for reducing fatigue, I believe the Stabi Left is the ideal solution."

Features

1. Simple

Place wherever needed

2. Operate foot pedals

Right leg free for foot pedal use

3. Versatile

Adjust height and angle with ease
